

POLICE MAKE READY TO MOVE QUARTERS

Major Sylvester's Order Expected August 27.

NEW OFFICES APPORTIONED

Detectives to Have First Floor and Department's Head to Be Located on Second—Officials Pleased With Prospect of Better Facilities.

All arrangements are being completed by Major Sylvester looking toward the early removal of Police Headquarters from its present location in the Harper Building, 476 C Street, to the large and commodious structure formerly occupied by the Title and Insurance Company, on Louisiana Avenue, two doors from the District building. The "moving out" order will be issued, it is thought, about August 27, it being imperative that the police officials leave their present quarters by the end of the month. Already there are signs about the building of the pending removal. The rogues' gallery is being made into a movable form and the desks and all of the other paraphernalia of the department put into condition for transfer.

Yesterday Captain Boardman, Chief of Detectives, accompanied by Chief Clerk Henry Kemp, paid a visit to the new quarters and selected the rooms to be used by their respective branches.

Placing the Officials.

The detective branch of the department has been given preference, and will be located on the first floor. A large front room, looking out upon Louisiana Avenue will be used as an office, where all reports of robberies will be received, and here special accommodations will be made for the representatives of the various daily papers. Back of this room will be the "lounge" room for the detectives, where a score or more of lockers will be provided for them in which to keep mail matter and other articles. The next room will be occupied by the telephone operator, who is in direct communication with the various police stations, and receives all bulletins of accidents, and fires. There will also be located in this room several long-distance telephones for the use of the department.

Major Sylvester's Office.

Major Sylvester will in all probability take the front room on the second floor, while the room adjoining, will be occupied by Captain Gessford, his aide, and Lieutenant Vernon, the permit clerk. Another large room directly back of this will be utilized by the various police captains, and bicycle sergeants.

All of the next floor will be known as "Kemp's Division," where the property clerk will hold sway. The last floor will be utilized by the official police photographer and the police printer.

Provision has also been made for quarters for the National Bureau of Criminal Identification, of which Superintendent Evans is the head.

Building Ready for Occupancy.

The Title and Insurance Company has already vacated the building and other tenants are gradually packing up their property and leaving. All of the police officials are exceedingly pleased over the coming change, because of the cramped condition of the present quarters.

After the new headquarters have been established it is Major Sylvester's intention to add whatever improvements may be necessary to make it a model police bureau. The walls have all been newly papered and extensive repairs are now being made to the interior of the structure with a view to improving its appearance.

HIGHER CAB FARES IN PROSPECT HERE

As the result of a united effort upon the part of the cabmen in this city, the District Commissioners, it is thought will, in a few days advance the rate for passenger vehicles from 75 cents to \$1. Hundreds of communications have been sent to the Commissioners during the past year or more by hackmen arguing in favor of the raise in rates, and now it looks as though the raise is surely a certainty. Major Sylvester has approved such action, as has Inspector Lamb.

Rev. E. H. Swem's Unique Topic.

Rev. E. H. Swem, the popular Baptist pastor, announces that on Sunday evening, he will explain, "How a Young Washington Woman Made a Washington Man Pay for Her Pretty Torn Dress."

GEORGETOWN NEWS AND GOSSIP OF INTEREST

The official announcement of the sale of the rectory of St. Ann's Catholic Church of Tenleytown has been made by the pastor, Rev. Joseph C. Mallon. The purchasers are the Sisters of Providence, whose headquarters are at Terre Haute, Ind.

The property purchased includes the handsome stone dwelling built by Rev. Father John M. Barry several years ago, when he was pastor of the church and the grounds surrounding it. It is situated immediately in the rear of the new St. Ann's Church.

The Sisters of Providence are locating in Tenleytown for the purpose of taking charge of a parochial school for the benefit of the Catholic children of Tenleytown and surrounding country. Father Mallon said that it was highly probable that the order would build a fine structure for educational purposes near the site just purchased.

Arrangements are now being made by Father Mallon to purchase a site in the immediate vicinity of the church on which to build a new rectory for St. Ann's. It is thought that the new parochial school will be in operation in about one year's time. The school will be for boys and girls.

The Boggs property, which has a frontage of 275 feet on Dumbarton Avenue, between Thirtieth and Thirty-first Streets, and a depth of 240 feet, containing, all told, over 64,000 square feet, has been sold to Mr. Edward F. Abner, of the firm of Abner & Drury. Mr. Abner, it is said, will beautify the place for home purposes. The Boggs tract is one of the few old places in Georgetown that has escaped the attention of the speculator. The old Boggs house will be remodeled according to up-to-date ideas. The property was sold to settle the estate of Miss Boggs, who died several years ago. The purchase price has not been disclosed.

The Georgetown University Hospital lawn fête will open September 1, Labor Day. It will be held for four evenings, on the Georgetown University campus. Music will be furnished by the Marine Band and the Times Newsboys Band. A meeting of those interested will be held Monday evening at the hospital.

The feast of St. Ignatius Loyola, the founder of the Society of Jesus, will be celebrated tomorrow morning at 9 o'clock, at Trinity Catholic Church, with a solemn high mass. The late mass will be celebrated at 11 o'clock, instead of 10, the high mass at 9 o'clock necessitating the change.

The quarterly election of officers of Silver Star Lodge, No. 20, of Good Templars, which took place Thursday evening at Good Templar Hall, on the Brookville Road, resulted as follows: Chief templar, F. J. Parks; past chief templar, Forrest Yowell; vice templar, Miss Cora L. Bowling; recording secretary, J. S. Blackford; financial secretary, Miss Elizabeth Dean; treasurer, William Helder; marshal, Thomas Finney. These officers, with a number of appointive officials, will be installed at the next meeting, Thursday, by the grand chief templar of the District, Mr. S. W. Russell.

The two-act comedy, "Mr. Bob," was presented last night at St. Alban's Hall, on the Murdock Road, Tenleytown. The affair was given under the auspices of the Girls' Friendly Society. Those in the cast were Miss Lulu Willett, Miss Ollie Jones, Miss Agnes Laughlin, Miss Ollie Hurley, Mr. Preston B. Ray, and Mr. William Brown. The entertainment was a success financially and socially.

Barge No. 11, of the Consolidation Coal Company, which has been at anchor at Alexandria for several days, has been brought here to load coal, which will be taken to Boston. Barge No. 17, of the company, is also being laden with Cumberland coal for a New England dealer. Barge No. 15 left here day before yesterday with a cargo of about 2,500 tons of coal for a Northern city.

Miss Nellie Masterson, of M Street northwest, left Thursday night for the Green Mountains, Vermont, where she will remain the balance of the summer.

NOT THE MAN WANTED.

Stranger Arrested as G. L. Chandler Puzzles the Authorities.

The man arrested in Charlottesville, Va., several days ago, and who the local authorities thought was George L. Chandler, a young man wanted here on a charge of having embezzled the sum of \$40 from W. H. Riddison, of this city, has proven that he is not Chandler, according to Detective Sergeant Miller, who was sent to Charlottesville Thursday night for the prisoner.

The police, at the request of the Virginia authorities, are now trying to establish the identity of the man under arrest.

Funeral of Inventor Josiah Pierce.

The remains of Josiah Pierce, the noted inventor, who died at the Garfield Hospital last Wednesday of typhoid fever, were interred this morning at South Mountain, Md. Funeral services were held at Dahlgren Chapel, at South Mountain.

Cyclist's Shoulder Dislocated.

James Vaughn, colored, twenty-five years of age, living at 2025 Ninth Street northwest, fell from his bicycle near the corner of Ninth and U Streets northwest this morning and dislocated his left shoulder. He was removed to Freedmen's Hospital. After his injuries were dressed he was able to go home unassisted.

Funeral of Mrs. Altmansperger.

The funeral of Mrs. Margaret Altmansperger, who died Thursday morning, was held at 3 o'clock this afternoon from her late residence, 1146 Twenty-first Street northwest.

Last Services for Miss Chapman.

Funeral services over the remains of Florence L. Chapman, who died Friday at 11 a. m., were held at the Vermont Avenue Christian Church at 3 o'clock this afternoon.

SECRET SERVICE GETS DAMAGING EVIDENCE

Unearths Bad Money Molds and Burglar Tools.

Operatives Arrest Three Italians in Brooklyn, After Watching Them for a Month.

The Secret Service received information today from its Brooklyn office that what is believed to be a headquarters for counterfeiters was raided there, and that three men found in the place were arrested.

Secret Service Operative Flynn had been watching for about a month, the place at 325 Hudson Avenue, Brooklyn. Yesterday, with a number of his men, he went there. Going to the third floor, occupied by Joseph Rosari, forced open a door, and found Rosari and two other Italians in the room.

There was a scuffle in which one of the Italians drew a revolver, but was disarmed before he could use it. The room was then searched. Under a bed, fifty sets of molds for making spurious coin were found. There was also a set of burglar tools, consisting of jimmyes, files, glass cutters, and other instruments.

The two men arrested with Rosari described themselves as John Annunzio and Giovanni Venzilini. The prisoners had a hearing this morning before United States Commissioner Morie.

MATTERS OF INTEREST IN DISTRICT AFFAIRS

The Commissioners have accepted the proposal of Ed J. Hannan to furnish a drinking fountain, lavatory, and connections in the Seaton School building for \$143.

By order of the Commissioners the compensation of Andrew B. Duval, jr., clerk in the office of the superintendent of repairs, has been increased from \$3 to \$3.50 per diem, to take effect July 16.

The proposal of Ed J. Hannan to make certain changes in the toilet room of the Peabody school building for the sum of \$229 has been accepted by the Commissioners.

The Commissioners have appointed Charles Brohin additional private in the Police Department, for duty in and about the grounds of Georgetown University.

The Commissioners have approved the application of Dr. E. W. Reisinger that signs may be placed at either end of the alley adjoining the residence of Mrs. Phillipa Doolittle, requesting drivers of vehicles and others passing through the alley to avoid making unnecessary noise owing to the serious illness of a member of the family.

On the application of the B. H. Warner Company, in behalf of Mrs. Sarah Patterson, the Commissioners have directed that the tax for 1902 on part of lot 26, square 167, bounded by K, L, Eighteenth and Nineteenth Streets northwest, be accepted without penalty and interest.

Harry C. McLean, chief clerk of the Health Department, is on leave, and is spending two weeks at Story Man, W. Va. He writes that he is 1,000 feet above the sea in the purest air to be found in the Allegheny Mountains.

Waltz, "Flow and Thrill"..... Strauss
Excerpts from "Romeo and Juliette"..... Gounod
Galop, "Charge de Hussars"..... Santelmann
Patriotic air, "Hail Columbia"..... Fyke

HOPELESS CONSUMPTION.

HOPELESS CONSUMPTION.

"I believed my case to be one of hopeless consumption. Why? Because every symptom pointed to that disease."

"After a thorough examination by a Washington physician who knew my case, I was told by him that it was consumption. As I understood this disease to be incurable, I naturally felt not only depressed but discouraged and alarmed."

"I felt that I could not afford to trifle with physicians who did not make consumption a specialty. My lungs were all stopped up, and for many months I had been coughing, spitting, and hacking large quantities of yellow matter. My case went on from bad to worse. My lungs were raw and pained me whenever I coughed, especially my right lung. I was daily losing flesh and strength."

"I knew of others who had been cured of consumption by the Koch Lung Cure, so I went to them at their institution at 730 Eleventh Street northwest, Washington. They gave me hope. Like a drowning man who grasps at a straw to save his life, I determined to try the treatment."

"I breathed those healing, oily vapors into my lungs, and they seemed to do me good. My lungs began to get better. My bad symptoms one by one left me. I grew stronger and better, and I began to see that my life would yet be saved. I continued to take this treatment week after week, and now, after four months of careful treatment, I have been made strong and well again. Why should I not recommend the treatment that saved my life?"

"I therefore offer my testimonial for publication, as I wish to endorse this treatment, thoroughly believing it to be a positive cure for that fatal disease, consumption. I can only speak of what it has done for me. My case was hopeless under ordinary treatment. Medicine taken into the stomach did me no good, but these healing, oily vapors have healed my raw, diseased lung, and I am strong and well again."

"I live at 280 E Street northwest, Washington, and will be glad to prove the truth of my statement to anyone who cares to call upon me."—SAMUEL U. RHINE.

THE WEATHER INDICATIONS.

Bay Ridge—Trains leave B. & O. station 9:10 a. m. and 4:20 p. m. weekdays.

PROBATION SYSTEM PROVES SATISFACTORY

Record of Naval Prisoners Shows Its Good Results.

The probation system for naval prisoners, which, for years has been a matter of great trouble to the Navy Department, has been satisfactorily tested. The scheme was developed by Captain Lemly, Judge Advocate General of the Navy, and under his supervision the operations during the last year have proved eminently successful.

As a result of a fair trial of the system it is concluded that about 50 per cent of the prisoners, if given opportunities, will reform. During the year beginning July 1, 1901, there were twenty prisoners put on probation, and in the same year following, thirty-two. Of these, seventeen have reformed, and were restored to good standing, unconditionally. Four proved unfaithful and deserted, while five were expelled, to serve out their full terms of imprisonment.

EXCURSIONS.

Marshall Hall and Indian Head.

Marshall Hall has long been celebrated for its green lawns, fine shade trees, and good dinners. No other resort furnishes the people of the Capital City with so much comfort and pleasure. Persons are enabled to get away for the heat and glare of the asphalt streets to enjoy the day amid pleasant surroundings and to drink in the river breezes. A feature tomorrow is the band concert by the Marshall Hall Band during the afternoon and evening, and a pleasing program has been arranged. Steamer Charles Macalester will make three trips tomorrow, leaving at 11 a. m., 2:30 and 6:30 p. m., returning, leaving the Hall at 1, 5, and 9 o'clock p. m. Indian Head trip this evening at 6:30 o'clock, and every Thursday, Friday, and Saturday during the balance of the season at the same hour, 6:30 p. m.

\$66.75 To San Francisco and \$66.75 Return

Via Pennsylvania Railroad. Tickets on sale and good going August 1 to 9, limited to September 30. Official route, Knights of Pythias. For information as to routes, etc., apply ticket offices.

SHORT STORIES FROM THE SMALL AD. PAGE

Some of the Many Things That Are Wanted by Washingtonians at Present.

The small ad. page of The Times today contains the announcement that a bottaled cocker spaniel, named Spody, an innocent-looking fox terrier, of good

character and known moral rectitude, and a brown water spaniel have left their homes to wander out into the mysterious unknown, leaving their tales of sadness behind them.
Three purses, two pins, and an open-face watch have also gone like the dogs, and rewards are offered for their return. The proposals column contains several interesting notices, but the beautiful and wealthy young women who advertise with matrimonial intentions are taking a day off.

GIVES HIS SECRET TO THE WORLD

A REMARKABLE DISCOVERY BY A REMARKABLE MAN.

The Art of Fascination, the Power of

Charming; the Secrets of Personal Magnetism Fully and Completely Revealed at Last.

A Marvelous, Mysterious Force Which Gives Wonderful Mental and Physical Strength; Overcomes All Diseases; Enables You to Know the Secret Natures of Others and to Handle Them as You Please.

Prof. R. F. Robertson, Psych. D., C. D., is the greatest living teacher of personal magnetism. He has astounded the scientists of the world. He has discovered a new system of developing and imparting magnetic force. He believes the great power he has discovered lies dormant in every individual. He guarantees you can master its strange secrets at your own home and perform wonders at which you never dreamed. You can know at a glance the secret natures, talents, weaknesses, strength, and vices of every person you meet. You can quickly develop marvelous physical and mental power, overcome all diseases in yourself or others, banish pain and bad habits without drugs or surgery. Prof. Robertson can read your secret nature and influence your thoughts, though a thousand miles away. He can teach you how to do the same. This may seem incredible, but he absolutely guarantees this result under a forfeit of \$1,000 in gold. The power of hypnotism, persuasion, threats and entreaties pales into insignificance when compared with the wonders of this mighty force.

Prof. Robertson calls his new discovery the "Ki-Magi" system of personal influence. You do not have to have subjects upon which to practice. Prof. Robertson's instructions are so plain and explicit that you can read them carefully and at once use this great power secretly to influence and control the thoughts and desires of anyone you wish. You will be startled and mystified at the wonderful things you can do; you will be astounded at the amazing power that you can exercise over others. Prominent ministers of the gospel, lawyers, and business men have mastered Prof. Robertson's new system, and they give it their highest endorsement.

S. I. Yetter, of Middletown, Pa., says: "Your 'Ki-Magi' system of personal influence has brought me that success in business for which I have been looking. It is the magnet that controls; there is no guesswork about it—it is a scientific fact. It has taught me to know and control myself as well as others."

Mr. Joseph Steiner, 1100-Ninth Street northwest, Washington, D. C., writes: "In your 'Ki-Magi' system of personal influence I have found what I have for years searched in vain. It has changed my whole trend of thought and given my life a new meaning. I feel younger and stronger every day. I find in it the key to business success."

Mrs. A. B. Egert, of 502 Woodland Avenue, Cleveland, Ohio, writes: "I do not see how any society woman can become a successful leader without knowledge of the wonderful secrets imparted by the 'Ki-Magi' system."

Mr. George Howard, of 157 Beech Street, Detroit, Mich., says: "By means of your 'Ki-Magi' system I have made some startling discoveries in the characters of my friends. It is far beyond my fondest expectations. It should be in the hands of every man and woman who wishes to achieve the greatest success in life."

We have just issued 8,000 copies of Prof. Robertson's new book entitled "The Secret of Power." We propose to give these 8,000 copies away absolutely free to interested persons for the purpose of showing the startling possibilities of this great discovery. We want you to have one free. After you get one, tell your friend. He will want one also, but he must write at once if he gets in on our free distribution, as these books are going very fast. After 8,000 copies of this book are distributed, everybody will want one. But they will cost money then. Remember, they cost you nothing now. Address Columbia Scientific Academy, Department 340 D, 1931 Broadway, New York.

BICYCLES FOR ALMOST NOTHING
